

UK Manufactured Woven Accessories

How to place an Order

1. Send a logo, a colour scheme and if possible a design brief. You will then receive a selection of designs for approval.

2. From approval of the artwork, a swatch of fabric is woven to show the actual yarn colours, detail achieved, and textures of the fabric.

3. On approval of the woven sample, your goods will be dispatched in 2-3 weeks by courier on a next working day service.

Colour Options

All of our accessories are woven to order, using our stock range of colours. We have a choice in excess of 200 yarns, so matching your desired colour will not be a problem.

Care Instructions

All of our accessories are supplied with a dry clean only label.

Options

The products shown are the most common accessories we make, however we can easily replicate your item if it differs from any shown. Offshore manufacture available on all products.
